Greenville, North Carolina

"OUR GREENVILLE, YOURS IF YOU COME"

Greenville, North Carolina, the County Seat of Pitt County, established in 1786, and named for General Nathaniel Greene, the Hero of the Battle of Guilford Court House, is a progressive, educational, residential, trading and agricultural marketing center. In 1959 it embraced an area of 6.447 square miles and is expanding steadily in area and in population.

Greenville is located approximately mid-way between Raleigh, the State Capital, and the Atlanic Coast, in North Carolina's Coastal Plain Section, which is one of the Sate's most productive agricultural areas.

The citizens, early in its history, were interested in education, establishing Greenville Academy in 1814, and Greenville Female Academy in 1830, and with substantial financial assistance from the County and City, the State in 1907 located East Carolina College in Greenville. Today this institution has a plant value of $12,000,000.00, a 1959 on campus enrollment of 4,045 students and offers courses in teacher training and liberal arts leading to Masters Degrees. The College together with the City's accredited public school system provide the facilities for the educational needs of its youth from kindergarten through a Masters Degree from College.

Greenville's retail stores serving a population of 165,000 within a radius of 25 miles had in 1958 a retail trade volume of $32,925,000. It also ranks 12th among the cities in North Carolina, in volume of wholesale distribution.

Greenville is one of the Nation's largest Tobacco Markets, and is one of the two having five complete sets of buyers. Its 19 auction warehouses and its processing plants embrace an area of over two and one-half million square feet of floor space devoted to the handling of flue-cured cigarette tobacco.

While in a predominantly agricultural area, Greenville is expanding industrially, having 33 manufacturing plants with principal products including: boats, carpet yarns, chemicals, dry cell batteries, bottled beverages, bakery products, dairy products, fertilizer, hosiery, livestock feed, leaf tobacco, lumber, millwork and meat products.

Its banking facilities have kept pace with the city's growth and there now two banking firms with eight local offices; one firm operating branches in 12 other communities in this area. A third banking firm has a branch under construction. There are two strong savings and loan associations, and a Production Credit Association serving farmers exclusively.

The State's first Baptist conferences was organized in Greenville in 1830. Now there are 44 churches, 25 for whites and 19 for Negroes, representing practically all major denominations.

Recreation facilities are comparable to those provided in any community in the area. Greenville's year 'round municipal recreation program is conducted by a competent trained staff. East Carolina College and the City Schools field excellent teams of baseball, football and basketball.

Hunting in the nearby forests are favorite sports, as well as fresh water fishing in nearby rivers, the sounds, and inlets, and salt water fishing in the Atlantic Ocean.

Greenville's efficient Council-Manager Government, cultural and educational advantages, modern 130-bed Pitt Memorial Hospital, with a 70 bed addition under construction, two score Physicians, Specialists and Dentists, well managed Municipal Utilities, moderate tax rates, equable climate, two railroads, network of paved highways in all directions and other requisites, together with its friendly citizens as expressed by its slogan, "Our Greenville, Yours If You Come," make it a highly regarded city in which to live, rear family and work.

PITT COUNTY

Pitt County, of which Greenville is the County Seat, named for William Pitt, the Earl of Chaham, was formed November 25, 1760. Martinborough, established in 1774, located 2½ miles East of Greenville, was its first County Seat. The County's population in 1950 was 63,770.

History relates that the first Masonic Lodge in North Carolina was formed at Crown Point, Pitt County. Iron ore, (although of poor quality), found in Chicod and Pactolus townships, was used for manufacturing purposes during the Revolutionary War. A cotton planter patented in 1867 by Captain Bryant Smith of Falkland, and later improved by J. C. Cox, revolutionized cotton planting.

The governmental affairs of the County, are administered by a businessman Board of five Commissioners. The County School system includes all schools except those in the Greenville district and consists of 14 high schools and 25 elementary schools with a total enrollment in 1867 by Captain Bryant Smith of Falkland, and later improved by trained teachers give the county school system a very high rank in the State.

The County maintains an efficient Welfare Department and with Greenville participating, a Health Department and Mental Health Clinic, ranking with the best in the State, located at Greenville.

In addition to Greenville, the County Seat, there are 10 progressive towns in the County including: Ayden, Bethel, Falkland, Farmville, Fountain, Grifton, Grimesland, Pactolus, Stokes, and Winterville.

Pitt County is a veritable agricultural empire. In 1958 it ranked first in the state in value of farm products sold and 94th in the nation's 600 leading agricultural counties, with a volume of $35,198,000 according to the 1959 edition of Sales Management, "Survey of Buying Power."

Principal crops produced are cigarette tobacco, corn, cotton, livestock, milk, peanuts, potatoes, poultry and eggs. Pitt County is the largest producer of flue cured cigarette tobacco in the nation.

This county also is adapted to industry particularly to those using agricultural and forest products. There are 33 manufacturing plants in the County, outside of Greenville, including lumber which predominates and others making tobacco curers, pickles, hosiery, and farm implements, Formica Flakeboard, livestock feed, and metalic cables.

(Continued on page 10)

(Continued from page 9)

To promote industrial and economic development on a county-wide basis, the Pitt County Development Commission with Leonard A. Weston as Economic Consultant, opened its offices in Greenville in March, 1959.

The program of the Commission is financed by a county tax levy, voted by the citizens.

Facilities include parks, playgrounds, municipal recreation center with tennis courts, cinder track, concrete skating pavilion, and a lighted stadium is used for high school and college football and baseball and the high school and college gymnasium for basketball. Commercial recreation includes four motion picture theatres for whites and one for Negroes. Deer, duck, quail, geese, squirrel, fox, and rabbit hunting in the surrounding forests are favorite sports, as well as fresh and salt water fishing in nearby rivers, the sounds, and inlets on the coast, and in the Atlantic Ocean.

ORGANIZATIONS maintained include a Chamber of Commerce with full time personnel rendering all service available in larger cities; Committee of 100; a Merchants Association operating a Credit and Collection Bureau; Junior Chamber of Commerce; Civitan; Exchange; Kiwanis; Lions; Optimist; Rotary Clubs; Woman's Club; Junior Woman's Club; Business and Professional Woman's Club; Country Club; Service League; United Fund; Red Cross Chapter; American Legion and Veterans of Foreign Wars Posts and Auxiliaries; Pitt County Executives Club; and active chapters of practically all important fraternal organizations. The Elks, Masons and Moose Chapters and Rotary Club own their homes.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

*

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
